# WHEN IT COMES TO QUALITY, THERE ARE NO COMPROMISES

At Daily Delight, quality is not a process – it is our culture. Trusted across international markets, Daily Delight delivers products that comply effortlessly with USA, EU, and other international food safety regulations, making us a dependable partner for global brands and retailers.

We believe that exceptional food begins with rigorous standards. From raw material selection to final dispatch, each step is governed by globally recognized quality systems, ensuring products that are safe, authentic, and reliable. Our state of the art facilities are BRC & FSSC 22000 certified, FDA approved and EU Compliant. Full-fledged laboratories manned by qualified experts, work round the clock to ensure that only products with the highest quality reach you.

# WHEN IT COMES TO THE TASTE, THERE ARE NO FRONTIERS

Daily Delight began its foreign operations in the USA with the export of spices and masalas in the 1990s. And in a span of over 35 years, the company has established itself as an internationally popular food brand. Today, It has a strong presence, not only in the USA but in Europe and other countries as well.

The high points of Daily Delight products are quality exceeding international standards and an absolute commitment to natural flavor and aroma, bringing traditional Indian cuisine right to your dining table. The Research and Development team puts together more and more traditional items onto the plate hitherto not made at home often. This keeps our traditional cuisine alive in the lives of the younger generation.

Daily Delight with its wide range of frozen prepared ready-to-eat food and frozen cleaned and cut vegetables, continues its mission of expanding its line of products to bring more ethnically diverse products to consumers around the world, evoking nostalgia about one's roots, one's homeland, and its food.
